ARTIST STATEMENT

Kathy Taylor was born in Southern California and currently resides in Phoenix, Arizona. Kathy has been painting for the past 30 years and exhibits in galleries throughout the United States and Europe.

Ever the experimental artist, Kathy Taylor never starts a painting with a pre-conceived idea of the outcome. She finds that her most powerful creation takes place when she lets the brush grasp her soul and lead it into the subject matter. Taylor considers her main inspiration abstract expressionism and uses symbols in her work to further engage the viewer. Heavy texture and different surfaces are a large part of her unique style.
